

**2015 STREET IMPROVEMENT PRE-QUALIFIED CONTRACTORS LIST (SI PQCL)
FOR SELECTED STREET AND PAVING PROJECTS
FOR VARIOUS PUBLIC WORKS PROJECTS**

List of Construction Contractors

(In alphabetical order)

BOE performs significant work to develop and repair the City's transportation system including improvements to streets, sidewalks, alleys, and related infrastructure. The BOE is seeking to improve the delivery of these projects by establishing a pre-qualified list of street and paving contractors to streamline the bid and award process for selected construction projects. The SI PQCL will expedite the contracting process for projects advertised using this list.
